

WU Runzhi

Senior Counsel

Areas of Practice

Dr. Runzhi Wu has research background and 9 years of IP practice experience. She is able to quickly and accurately understand technical solutions and make legal analysis, and she can independently provide legal service regarding patent drafting, legal consultation, patent infringement dispute and patent invalidation.

Dr. Runzhi Wu is specialized in chemical industry, medicinal chemistry, medical equipment, and she has advised multiple transnational corporations (e.g., Umicore, Merck, 3M, Schott, Exxon Mobile, Google) on patent filing, patent analysis, patent invalidation and patent litigation.

Prior to admitting to practice IP law, Dr. Runzhi Wu had been involved in the research of novel antiviral agents and fluorescent molecular probes, having several articles published in the relevant core international academic journals.

Representative Matters

- Represented multiple transnational corporations in prosecution of hundreds of patents all over the world, e.g. China, USA and Europe, covering the technical fields of chemical industry, medicinal chemistry and medical equipment.
- Assisted a world-leading pharmaceutical corporation concerning patent portfolio analysis and FTO analysis on series of pharmaceutical products.
- Represented a Chinese leading manufacturer of medical equipment in a series of alleged patent infringement before Chongqing No. 1 Intermediate People's Court, and represented the same entity in the patent invalidation proceedings for the disputed patents before China National Intellectual Property Administration.
- Represented a subsidiary of a world leading health care group in an administrative litigation for invalidation of a pharmaceutical composition patent before Beijing IP Court.
- Represented a worldwide leading provider of semiconductor products in an administrative litigation for invalidation of a silane precursor patent owed by another company before Beijing IP Court.
